

EDUCATION

Degree	Specialization	Institute	Year	CPI
B.Tech	Computer Science & Engineering	Gokaraju Rangaraju Institute of Engineering and Technology	2022-Present	8.97
Intermediate Education	Physics, Chemistry, & Mathematics	Kakatiya Junior College	2022	98.3
SSC	-	Krishnaveni Talent School	2020	10 GPA

HACKATHON EXPERIENCE

- **Project:** *[What to Eat]* Dec 2024
 - Coordinated in a team of four to Developed a web application named **What to Eat** as part of the **Team Tacos in VNRVJIET's National Annual Technical Symposium CONVERGENCE 2K23R**. The project aimed to assist users in making food decisions based on available ingredients. Implemented using **HTML, CSS, and JavaScript technologies**, the application provided a **user-friendly interface with features for ingredient input, recipe suggestions**, and nutritional information display. Contributed to the project's design, frontend development, and integration of interactive functionalities.

PROJECTS

- **Student Management** June-July 2024
 - Developed a **Student Profile Management System** where administrators can log in to enter and **manage student profiles and academic records**. Students can log in using their roll numbers to **view their academic information**. This system ensures streamlined access and management of student data
 - Developed a Student Management System using **HTML, CSS, and JavaScript** for frontend design, and **MySQL with JDBC for backend database management**. Deployed on Apache Tomcat server for hosting
- **Nutri-Verse** *[RajaSekhar]* Feb-June 2024
 - Developed and maintained Nutri-Verse,a comprehensive health and wellness website featuring a **recipe generator for customized meal ideas,a diet sheet planner for balanced nutrition planning**,and a weekly blog offering Additionally, implemented a feature to display **the availability of food vegetables in different villages, enhancing user accessibility and engagement with local produce data**.
 - Developed a Nutri-Versem using **HTML, CSS, and JavaScript** for frontend
- **Storyteller Chat-bot** June 2024
 - Developed a Storyteller Chat-bot using Gemini Pro,which takes user input for age group and story topic to generate engaging and age appropriate stories. The chat-bot leverages advanced natural language processing to create interactive and personalized storytelling experiences for users of different ages.

CERTIFICATIONS/BADGES:

- Completed **50 consecutive days of LeetCode challenges**, enhancing problem-solving skills and algorithmic proficiency.
- My Badges include **Problem Solving, Java, Python, and C Language** from **HackerRank**.
- **AWS Academy Cloud Foundations Certification** by AWS Academy
- **AWS Academy Data Engineer Certification** by AWS Academy
- **AI-ML Virtual Internship** by India Edu Program

EXTRA-CURRICULAR ACTIVITIES

- **Volunteering Activities**
- **Public Speaking**
- **Playing Strategic games like Chess**

SKILLS

- **Languages:** Java, C,MySQL,PHP
- **Professional Skills:** Communication,Team Work,Time Managment,Leadership
- **Problem Solving:** Data Structures, Algorithms (Leetcode ,HackerRank)
- **Language Proficiency:** **English** Proficient (working proficiency),**Telugu** (Native speaker) ,**Hindi** (Basic understanding)
