Projects

Nutri-Verse
-Developed and maintained Nutri-Verse,a comprehensive health and wellness website featuring a recipe generator for customized meal ideas,a diet sheet planner for balanced nutrition planning,and a weekly blog offering insights and tips on nutrition and wellness trends.

Student Profile Management System
-Developed a Student Profile Management System where administrators can log in to enter and manage student profiles and academic records. Students can log in using their roll numbers to view their personal and academic information. This system ensures streamlined access and management of student data.

Storyteller Chat-bot
-Developed a Storyteller Chat-bot using Gemini Pro,which takes user input for age group and story topic to generate engaging and age appropriate stories. The chat-bot leverages advanced natural language processing to create interactive and personalized storytelling experiences for users of different ages.
